Who We Are

Doyon Contracting Services, LLC (DCS) is a minority-owned, 8(a), Small Disadvantaged Business and Doyon Government Group's (DGG) newest construction subsidiary. DGG has been providing government construction solutions since 2003. Doyon serves as a prime general contractor on design-build, new construction, renovation, repair, civil, and demolition projects at federal government-owned facilities and military installations. We work with government clients to meet agency goals and deliver high-quality construction projects in the safest manner possible. Doyon Government Group is a subsidiary of Doyon, Limited, an Alaska Native Corporation (ANC).

Safety

Safety in construction is fluid due to continually changing conditions on jobsites as work progresses. DCS addresses potential hazards before they become issues, maintaining safety standards in our operations. Safety does not just happen; it is part of DCS' corporate culture. We constantly seek ways to improve our performance, and our safety record is evidence of our success.

Teaming

DCS has relationships with several nationally-recognized Architects and Engineers experienced in government construction and design-build project delivery, and uses a database of over 6,000 pre-qualified subcontractors for construction work.

Shared Services

DCS is part of Doyon Government Group (DGG), a group of five Small Business General Contractors created to provide construction services for the federal government. DGG utilizes a Shared Services Group which consists of approximately 30 personnel in Accounting, Contract Administration, Human Resources, IT, and Legal Services, and nearly 100 sister company Subject Matter Experts in government project execution.

Subject Matter Experts (SMEs) include:

- Project Managers
- Corporate and Site Quality Control Managers
- Corporate and Site Safety Officers
- Project Engineers
- Superintendents
- Project Coordinators
- Equipment Operators
- Carpenters

Discriminators

DCS has unique benefits that set it apart from other companies including:

- As a Tribal entity, DCS is a certified Small Disadvantaged Business (SDB), offering subcontract advantages.
- SDB and Native American credits are available with DCS as a Prime Contractor.
- Exemption from \$3.5M threshold for services contract.
- 5-year direct sole-source awards can be made up to \$100M.

8(a) Sole-Source Contracting

8(a) Sole-Source contracting to Doyon Technical Services (DTS) allows the government to spend less time on contracting and more time on mission critical tasks. DTS will provide faster response times, transparent estimating and operations, and reliable customer service.

Advantages

1. Agencies have more flexibility in project budgets and work scopes.
 - a. Transparent estimating for fair and reasonable pricing.
 - b. Transparent operations from a qualified and responsive team.
2. The procurement process is significantly less complex, and awards can be made in less time.
 - a. Previous experience and performance are known, reducing the pre-bid qualification process.
 - b. Awards cannot be protested reducing post-bid delays.
3. Agencies can negotiate directly with 8(a) firms, offering the government the best value in shorter timeframes with lower administrative costs.
